WO RK EXP E RI E NC E

Program & M&E Officer ***April 2025 – Present***
Digital Health Africa (DHA), Kigali, Rwanda. (Remote)

- Led the design and implementation of a comprehensive M&E logframe for program activities, defining key indicators, data collection methodologies, and reporting timelines to track performance across program cohorts.
- Spearheaded the "Advancing Gender-Responsive Health Systems in Africa" initiative in commemoration of International Women's Day, coordinating participation of 100+ professionals across multiple African countries and managing the full event lifecycle from planning to post-event reporting.
- Facilitated and participated in M&E capacity-building training cohorts 1, 2, and 3 for professionals across Africa, contributing to institutional knowledge transfer and best-practice adoption in program evaluation.
- Collected, cleaned, and analyzed operational and programmatic data to generate reports, KPI dashboards, and evidence-based briefs for internal leadership and external stakeholders.
- Developed training evaluation tools and documented improvement recommendations to strengthen program quality assurance processes.

Impact: *Supported digital health initiatives impacting **200+** program beneficiaries across multiple regions; led a continent-wide event with 100+ participants.*

Administrative Executive (NYSC) ***August, 2024 – June, 2025***
University of Abuja Teaching Hospital, FCT – Abuja.

- Managed and organized confidential patient and medical staff records, implementing systematic filing protocols that improved retrieval time and data accuracy.
- Provided front-desk coordination and served as a communication bridge between patients and multidisciplinary medical teams, ensuring seamless daily operations.

- Collaborated with cross-functional teams to deliver structured programs, monitor activity implementation, and compile routine operational reports for management.
- Applied strong data management skills to maintain compliance with institutional documentation standards, demonstrating attention to detail in a high-stakes environment.

Impact: *Supported outreach and operational activities reaching **500+** beneficiaries.*

Data Collector & Analysis ***September, 2024 – March, 2025***

- Virtual Executive Company, Abuja, Nigeria.
- Collected, cleaned, and analyzed survey and operational datasets to surface insights supporting business decision-making processes.
- Managed executive calendars, email communications, and digital content pipelines, demonstrating strong organizational and time-management skills in a remote setting.
- Delivered structured reports and visual summaries of survey data to guide client strategies and program planning.

Impact: *Processed and analyzed **500+** survey responses, directly informing key business decisions.*

Customer Service & Operations Representative ***Nov., 2023 – May, 2024***

ASPOM Travel Agency, Lagos State, Nigeria.

- Managed end-to-end client bookings using ticketing and reservation systems, handling flights, hotels, tour packages, and travel documentation with high accuracy.
- Built and maintained strong client relationships by resolving complex inquiries, managing expectations, and ensuring consistently high customer satisfaction scores.
- Coordinated tour itineraries and verified travel logistics, demonstrating strong operational planning and attention to detail.

Impact: *Managed travel planning and bookings for **50+** individual and group clients.*

Health Education Officer (Intern) ***May, 2021 – October, 2021***

Federal Ministry of Health, Ilorin, Kwara State, Nigeria.

- Participated in a high-impact multi-agency advocacy program organized by the Federal Ministry of Health in collaboration with Leap Health and multiple NGOs in Kwara State, mobilizing communities on tuberculosis, hepatitis B, HIV/AIDS, malaria, and other communicable diseases.
- Organized community outreach activities, workshops, and awareness campaigns; distributed preventive health resources including mosquito nets, condoms, and vaccines to reduce disease transmission.
- Delivered individual and group health talks designed to drive behavior change and promote healthier community practices.

Impact: *Contributed to a cross-sector advocacy campaign that reached **1,000+** community members, strengthening disease prevention knowledge and resource access in Kwara State.*

PROJECT

Advancing Gender-Responsive Health Systems in Africa **2025**

- Led program planning and execution for a continent-wide gender equity initiative with 100+ participants. Designed the M&E logframe and monitored indicators to assess program outcomes and report results to stakeholders.

Diabetes Risk Factor Analysis Report **2025**

- Conducted an analytical investigation into diabetes risk factors using data analysis tools to identify patterns and produce evidence-based recommendations for health intervention planning.

Impact of Climate Variability on Malaria Incidence in Southwest & Niger Delta, Nigeria **2024**

- Independent research analyzing the correlation between climate variability patterns and malaria prevalence across Nigerian regions, applying data analysis and research methodology skills to public health datasets.
